SAJID ALI

Full Stack AI Engineer | Riyadh, Saudi Arabia | Transferable Iqama | Immediate Joiner
sajidhgn@gmail.com | +966-57-645-2059 | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Full Stack AI Engineer with 7+ years of experience building SaaS platforms, enterprise applications, admin dashboards, CRM and healthcare systems with React.js, Next.js, Node.js, Python, TypeScript, PostgreSQL and MySQL. Hands-on with AI/LLM integrations, REST APIs, authentication and RBAC, reporting dashboards, and Saudi payment and ZATCA integrations. Experienced working with teams across Saudi Arabia, the USA and Canada.

CORE COMPETENCIES

Frontend: React.js, Next.js, JavaScript, TypeScript, Redux Toolkit, Context API, TanStack Query, Tailwind CSS, HTML5, CSS3, Responsive Design
Backend: Node.js, Python, Express.js/FastAPI, REST APIs, GraphQL, WebSockets, JWT Authentication, RBAC, Multi-tenancy
AI: LLM API Integrations, RAG, pgvector, AI Image/Video Generation Workflows
Payments & Compliance: Moyasar, N-Genius (Network International), ZATCA E-Invoicing, Qoyod
Database & ORM: PostgreSQL, MySQL, Prisma
Testing: Playwright, React Testing Library, End-to-End Testing, Debugging, QA
DevOps / Cloud: Docker, Kubernetes, GitHub Actions, CI/CD, VPS, Vercel, Netlify
CMS / Commerce: Headless WordPress, WPGraphQL, Shopify, Custom Themes
Performance: SEO, Core Web Vitals, Lighthouse, SSR, ISR, Code Splitting, Lazy Loading
Business Systems: Admin Dashboards, ERP, CRM, Inventory Management, Reporting Dashboards, Multi-tenant SaaS, AI-Integrated Applications

PROFESSIONAL EXPERIENCE

Full-Stack AI Engineer — Raw Studio- *May 2026 – Present*
Riyadh, Saudi Arabia | Stack: Next.js, React.js, Node.js, TypeScript, PostgreSQL, AI/LLM APIs, Docker, Kubernetes, VPS

- Build and ship AI-powered SaaS and enterprise applications end-to-end, from frontend and backend APIs to databases, AI integrations, testing and production deployment.
- Architect multi-tenant platforms and internal management systems with secure REST APIs, authentication, RBAC, tenant isolation and granular permissions.
- Integrate AI/LLM APIs and intelligent workflows into production features, connecting AI capabilities with business logic and user data.
- Integrate payment gateways (Moyasar, N-Genius) and ZATCA e-invoicing via Qoyod, alongside other third-party services.
- Design and optimize PostgreSQL schemas, queries and API data flows for performance, scalability and maintainability.
- Automate E2E and component testing with Playwright and React Testing Library; containerize and deploy with Docker on VPS infrastructure.

Full Stack Engineer (Frontend Focused) — OxCoders- *June 2024 – May 2026*
Riyadh, Saudi Arabia | Stack: React.js, Next.js, Node.js, TypeScript, MySQL, REST APIs, Docker

- Developed SaaS platforms, enterprise applications, admin dashboards and business management systems using Next.js, Node.js, TypeScript and MySQL.
- Improved Core Web Vitals by 45% and consistently delivered 90+ Lighthouse performance scores across all projects.
- Implemented secure authentication, role-based access control (RBAC), protected admin modules and user permission management.
- Built REST APIs and GraphQL integrations; introduced Playwright and React Testing Library automation, significantly reducing production regressions.
- Led code reviews, TypeScript migration and engineering best practices across multiple projects.

Senior Frontend Engineer — **Dycoders-** *July 2023 – May 2024*
Remote, USA | Stack: React.js, Next.js, Node.js, TypeScript, MySQL, REST APIs, Docker

- Delivered multiple SaaS applications, including reporting dashboards, real-time business monitoring and API integrations for high-traffic products.
- Built reusable component libraries, reducing feature development time by 20%.
- Developed Headless WordPress and Shopify solutions that improved SEO traffic and conversion rates.

Frontend Engineer — **Tanbits-** *August 2021 – June 2023*
Onsite, Pakistan

- Developed React.js and Next.js applications with reusable UI component systems and 90+ Lighthouse scores across client projects.
- Delivered SSR/ISR applications integrated with CMS platforms, improving SEO and load times.

Frontend Engineer — **Mdhov-** *July 2019 – July 2021*
Remote, Canada

- Developed Shopify and WordPress themes and migrated legacy frontends to React.js, improving engagement, maintainability and performance.

UI/UX Developer — **Teambee Designers-** *January 2017 – July 2019*
Onsite, Pakistan

- Built pixel-perfect responsive interfaces and improved page speed through targeted frontend optimization.

FEATURED PROJECTS

Rawbit — AI Product Photography Studio

- Built a real-time AI SaaS platform using React.js, Node.js, pgvector/RAG, WebSockets and LLM APIs, with Moyasar and N-Genius payments and ZATCA integration.

EduCloud — Multi-tenant School Management SaaS

- Built a school management SaaS (Python/FastAPI, PostgreSQL, Redis, Next.js) for students, attendance, exams and fees, with auto-generated fee vouchers and monthly WhatsApp fee notices to parents.
- Built AI features for schools: exam paper generation, RAG over textbooks, a creative agent and social media post generation.
- Enforced tenant isolation with PostgreSQL row-level security and role-based permissions cached in Redis, backed by 120+ automated tests, strict mypy and a CI quality gate.

OunLab — AI Project Management SaaS

- Built a real-time SaaS platform using React.js, Node.js, WebSockets and the OpenAI API, with live collaboration and dashboards for enterprise users.

HealthSIA — Digital Healthcare Platform

- Developed healthcare applications, reporting dashboards and admin panels used across multiple clinics to streamline clinical workflows and patient management.
- Reduced API response time by ~40% through backend optimization and query refactoring.

ParisianGypsy — eCommerce Platform

- Built a full stack commerce solution with React.js, Node.js, Prisma and MySQL, including payments, product workflows and optimized queries.

EDUCATION & CERTIFICATIONS

Master of Information Technology — Lahore Leads University, Pakistan *2015*
Certifications: Advanced JavaScript Development • Next.js 15 & React – The Complete Guide

LANGUAGES

English, Urdu, Hindi, Arabic
