SAJID ALI

Senior Frontend Developer

📧 sajidhgn@gmail.com | 🔗 LinkedIn | 💻 GitHub | 🌐 Portfolio

PROFESSIONAL SUMMERY

Skilled Senior Frontend & Full Stack Developer with 6+ years of experience delivering scalable web applications and cross-platform desktop apps using React.js, Next.js, Node.js, Prisma, Sequelize and Express.js. Strong in performance optimization, testing, API integrations, and cloud deployments. Proven track record in leading teams, mentoring developers, and delivering high-quality code.

CORE COMPETENCIES

Frontend: React.js, Next.js, Redux, TypeScript, TailwindCSS, Bootstrap, MaterialUI, Electron.js
Backend: Node.js, Express.js, REST APIs, JWT, WebSockets
Databases: MongoDB, MySQL, Sequelize, Prisma
Testing & DevOps: Jest, React Testing Library, Git, GitHub, Lighthouse
Cloud & Infrastructure: Firebase, Vercel, Netlify, Stripe, PayPal
CMS & Platforms: WordPress, Shopify
Tools: Postman, ESLint, Prettier, NgRok, Agile, Jira

PROFESSIONAL EXPERIENCE

Senior Frontend Developer | OxCoders (Remote) *June 2024 - Present*

- Designed scalable frontend architecture and enforced best practices across the team
- Improved application performance by 45% via bundle analysis and caching
- Implemented JWT authentication and role-based access control
- Initiated TypeScript adoption and peer code review culture

Frontend Developer | Dycoders Pvt Ltd. (Remote) *July 2023 - May 2024*

- Engineered UX solutions improving page speed and usability, enhancing user engagement metrics
- Built desktop applications using Electron.js alongside responsive web solutions
- Pioneered unit testing implementation, reducing bugs by 10% and improving code coverage
- Collaborated on backend API design and implemented seamless frontend integration patterns

Frontend Developer | Tanbits *August 2021 - June 2023*

- Developed high-impact React components increasing average user session time by 2 minutes
- Built reusable UI components and design systems using Bootstrap, MaterialUI, and Tailwind
- Achieved Lighthouse performance scores of 90+ through code optimization and best practices
- Delivered responsive solutions across WordPress, React, and vanilla JavaScript platforms

Frontend Developer | Mdhov Digital Agency (Remote) *July 2019 - July 2021*

- Built custom Shopify and WordPress themes, increasing client revenue through conversion-focused features
- Led React.js implementation across client projects, improving development efficiency
- Managed and improved design systems using Bootstrap and Materialize CSS frameworks

UI/UX Developer | Teambee Designers *January 2017 - July 2019*

- Achieved 22% faster load times than industry average through optimized HTML5/CSS3 implementation
- Transformed complex wireframes into pixel-perfect, accessible web interfaces with 99% design accuracy
- Ensured consistent user experience across all major browsers and devices

FEATURED PROJECTS & ACHIEVEMENTS

🏥 **Learning Hub - Online Learning Management System like Udemy**

- Built comprehensive LMS serving 1000+ users providers with integrated payment processing
- Implemented users portal with courses record and community discussion like LinkedIn
- Achieved 90+ Lighthouse score and 2-second load time
- ***Tech Stack***: *Next.js, Express.js, Node.js, MySQL, Stripe API*

💼 **Workinaus - Job Matching Platform**

- Developed job portal using React.js and Next.js with custom API for dynamic job listings
- Designed intuitive interface for seamless job search and application process
- Implemented dynamic job posting, user authentication, and filtering system
- ***Tech Stack***: *React.js, Next.js, Bootstrap, REST APIs, Elastic Search,*

🏃 **PeepSkill - Athletes & Coaches Social Platform**

- Created social networking platform connecting 1,000+ sports professionals
- Built live messaging, video calls, and training session booking system
- Designed architecture to handle 100,000+ concurrent users
- ***Tech Stack***: *Next.js, TailwindCss, Node.js, Express.js, MySQL, WebSockets*

🌐 **View More Projects**

TECHNICAL LEADERSHIP & IMPACT

- Led architecture decisions for 100+ production applications
- Championed ReactJs/Nextjs implementation for client projects, mentored a team of 8 developers, and enforced code reviews, ensuring consistent code quality and maintainability across projects.
- Pioneered TypeScript and testing implementation, improving code quality by 40%
- Delivered features that increased client revenue by 40% and user engagement by 33%

EDUCATION & CERTIFICATIONS

Master of Information Technology *Lahore Leads University, Lahore, PK*

Professional Certifications:

- The Complete JavaScript Course 2024: From Zero to Expert!
- Next.js 15 & React - The Complete Guide
